

NEW FROM MARTHA BURK!

YOUR VOICE, YOUR VOTE:

The Savvy Woman's Guide to Power, Politics, and the Change We Need

Your Voice, Your Vote is a manifesto for this year's woman voter and for male voters who care about the women in their lives. Martha Burk empowers the reader to cut through the double talk, irrelevancies, and false promises, and focuses directly on what's at stake for women not only in the 2016 election, but also in the years beyond. Where women stand, what women think, and what we need -- with tough questions for candidates to hold their feet to the fire. *Your Voice, Your Vote* should be carried to every political rally, every press conference, every precinct meeting -- and into the voting booth.

"Burk is insistent and urgent when pressing the cause of gender equality. Part primer, part call to arms with its lessons on how politics work. . . valuable lessons for every voter: Take time to know what your candidates stand for, question and prod them beyond bromides and talking points, and hold them accountable." *The Washington Post*

"Whether you're a young woman worried about your future, an employed woman fighting to break the glass ceiling, a mom out of the paid workforce, a retired woman struggling to make ends meet, or a feminist activist trying to change the world, this book has the information you need." Eleanor Smeal, Publisher, *Ms. Magazine*

"Martha Burk offers a well-written, accessible, and incisive guide to our political process and all the major political issues of the day from a gendered viewpoint: taxes, war, the military, education, the economy, and health care, as well as the more traditional women's issues like reproductive rights and equal rights at work. . . well-resourced with notes to every chapter . . . can be used again and again as a reference work now and in the future. If you have not been involved in politics before, this book explains why you should and how you can get into the action. If you have been, this book will re-energize you." Dr. Heidi Hartmann, President, Institute for Women's Policy Research, Washington, D.C.

"A virtual encyclopedia of political issues as they affect women. History, progress, and how to make the change we need. A very timely book." LaDonna Harris, President and Founder of Americans for Indian Opportunity. Convener; National Women's Political Caucus
